

PAREX

The New Mexico State University: School of Fine Arts Buidling – Las Cruces, NM

ProjectProfile

Size: 32,000 sq. ft.
Distributor: L & P Supply
Applicator: Rodriguez Plastering

The New Mexico State University School of Fine Arts Building is a one-of-a-kind. The architectural design and vibrant colors are a perfect showpiece of how Parex USA's Envision campaign can be accomplished. With Continuous Insulation and an air and water resistive barrier, this project is not only eye-catching, but also energy efficient and code compliant.
