Nassau County Mental Health Facilities – Retrofit Project – Uniondale, NY

ProjectProfile

Size: 30,000 sq. ft.

Distributor: Wall Systems Supply Company

Applicator: Plaster Master

In 1991, Plaster Master, Inc. was established with the goal to operate and provide unsurpassed quality and craftsmanship for the Plastering Industry. Their philosophy remains as always: "To provide a personal service in each project from bidding to submittal to completion."

For over 18 years owners, general contractors and construction managers have relied on Plaster Master, Inc. plastering services throughout the tri-state area. Whether new or retrofit, since 1991, Plaster Master, Inc. has completed hundreds of projects with a level of excellence that has made us a preferred contractor.

The Challenge

- Existing, occupied facility
- Walls were absorbing water with no weep outlet

The Solution

- Parex Standard WaterMaster System
- Parex 121 Dry
- Parex Parflex
- Parex DPR Sand Fine
- Parex Primer
