

Palomar College, Multi-Disciplinary Building – San Marcos, CA

ProjectProfile

Size: 126,000 sq. ft.

Distributor: Squires-Belt

Applicator: Standard Drywall

Founded in 1955, Standard Drywall, Inc. has completed projects all over the United States, Mexico, Samoa, and Africa. They are specialists devoted to each aspect of their work, with their primary goal being to ensure quality to the customer. The Caya Family purchased Standard Drywall, Inc. (SDI) in 1990. Brothers Blaine and Bob Caya established the corporate headquarters in San Diego, California and quickly gained a reputation in the commercial arena for lath and plaster, fireproofing and acoustical ceiling work. Not long after the acquisition, the Caya's expanded the Company into the commercial market of metal framing and drywall. By 1993, the young talented team had finally developed and established a reputation of providing a high quality product at a competitive price among San Diego's general contractor community.

Since that time SDI has expanded their company with an additional four locations in Chino, CA, Salt Lake City, UT, Jackson Hole, WY and Las Vegas, NV.

The Challenge

- Tight Scheduling

The Solution

- Parex Image Smooth
